**PROGRAM DESCRIPTION**

In today's global business environment, management requires the ability to leverage information and think strategically across business functions. Missouri University of Science and Technology's AACSB-accredited MBA program is unique in developing disciplined leaders focused on successful implementation and results.

The program format, which combines core business knowledge with information technology, is structured to be completed in two to three years.

**MBA Core Classes:**
- BUS 6121 Teambuilding and Leadership
- BUS 6622 International Marketing
- BUS 6723 Corporate Information Systems Management
- BUS 6224 Managerial Accounting and Control
- BUS 6425 Supply Chain and Project Management
- BUS 6426 Integration of Business Areas
- BUS 6827 Managerial Finance

**Credit Hours to Complete:** A total of 36 credit hours to complete and is offered in two parts: core classes (21 credit hours); focused area or broad-spectrum electives (15 credit hours). If taking the program as a second master's degree, requires only 30 credit hours.

**Course Length:** 16 weeks (fall/spring); 4 or 8 weeks (summer)

**Delivery Format:** Courses are delivered over the Internet, via live streaming video; collaborative learning software includes WebEx and Blackboard; classes are archived online for review and easy access.

FOCUSED AREA WITH GRADUATE CERTIFICATES

Students have the option of obtaining a graduate certificate in a focused area of expertise. Each certificate program is open to persons holding a bachelor's degree and who have the required prerequisites for the courses in the program.

Graduate Certificates*
- Business Analytics and Data Science
- Business Intelligence
- Digital Media
- Digital Supply Chain Management
- Electronic and Social Commerce
- Enterprise Resource Planning
- Human-Computer Interaction
- Human Systems Integration
- Management and Leadership
- Mobile Business and Technology
- Project Management

Each graduate certificate program requires the completion of four courses (12 credit hours). A course may not be used to satisfy the requirements for more than one certificate, but the courses are often used to create a specialization area beyond the required courses of the MBA.

GRADUATE CERTIFICATES — PATHWAY TO MASTER'S DEGREE PROGRAM

If you successfully complete a graduate certificate program, with a grade of B or better in each course, you are eligible to apply to the master's degree program in Business Administration or Information Science and Technology at Missouri S&T, without taking the GMAT.

Credit hours earned for the certificate program will be applied toward the master's degree program.

*Each of these graduate certificates consists of four courses. Students will be responsible for prerequisite knowledge as determined by course instructors and listed in the Graduate Catalog. Other courses approved by the department may be substituted for any of the above listed courses on a case-by-case basis. The administrative coordinators must approve the substitution prior to enrolling in the course.
