Gainful Employment Disclosure for Certificate Program

Name of Program: Management for Sustainable Business

Stand Alone: Yes  Degree Dependent: Yes

Program Description: The Management for Sustainable Business certificate program is designed for people who have earned a BS or BA in science or engineering who want professional training to enhance their careers in management for sustainable business. The program in Management for Business Sustainability addresses an identified need to provide science and engineering students with business knowledge and professional skills to further their careers in business sustainability. The certificate will focus on building knowledge and competencies, specifically in the area of environmental sustainability of a business organization. The program will provide professionals with the skills necessary for rapidly advancing themselves in the workplace, and more importantly, rapidly advancing the general knowledge base and skill set in their professional workplaces.
